Dear Mike:

Re: U.S. v. Reilly Tar & Chemical Corporation
D. Minn., Civil Action No. 4-80-469

As you know, Dr. Warren Thompson has been serving as an expert in the above-named case for the past year. His advice to us has been very helpful, and we are planning on him to testify at trial concerning the wood preserving operations of Reilly Tar.

Because we feel his services are crucial to the case, we request that his funding be continued. If there is any problem with his continued funding, please let me know right away.

Thank you very much for your consideration.

Sincerely,

Assistant Attorney General
Land and Natural Resources Division
